

TC3 DisplayPort Module

TC3 DP EU SAP: 4319629 US SAP: 13041723

vav.link/tc3_dp

DisplayPort socket on front with short cable at rear with female DP connector
Carries digital audio and video over one cable
Occupies 1 module space

This module is part of Vision's Techconnect connectivity faceplate family.

Fixes to Surround

Techconnect modules fix into a surround, which in turn fixes to a backbox, mudring (for hollow walls), or a table faceplate.

Future-proof

If you break a module or need to change it in the future, just replace that part - not the entire faceplate.

Flexible

Get to site and the client changes what they want on their AV faceplate? No problem.

Strong

Techconnect parts are robust for the rigours of every day use. They include strengthening ribs and reinforcing where required.

Proven

For over 15 years Techconnect has improved and developed into one of the most popular AV faceplates in the world.
