

Architectural aluminium profile

Works with Vision's heavy duty wall mounts (not included)

2400 mm (95") tall

Cable management channel

Digital signage is such an essential element in retail design now, so AV system designers are seeking eye-catching display arrangements. This product empowers maximum creativity, giving the installation engineers who have to implement the design a practical way of building it.

On the surface this is a simple column to which displays can be attached. But look closer and this product has many clever design features that make it an incredibly useful product.

### Modular

The column comes in two 1500 mm (59") parts with a joiner, so it comes in a manageable carton for easier transport.

### Compatibility

Works with these Vision wall mounts:

VFM-W4X4

VFM-W4X6

VFM-W6X4

VFM-W8X6

VFM-W10X6

### Camera Shelf

A small shelf is included. It can be used for video conference applications in meeting rooms, or if you're using the column in retail use the shelf to fix a security camera.

### Multiple Displays

Fix any number of displays in landscape or portrait. The wall mounts - purchased separately - are fixed to a slot on the column, and can easily be adjusted up or down.

### Meeting Room Ready

Many meeting rooms have walls you can't fix a heavy interactive display to. This column provides a stable load-bearing structure for installing a large display anywhere in the room.

### Ceiling or Wall Fixing

The top can either fix to a wall or ceiling.

### Retail Ready

Perfect for shop front window displays, or any digital signage application where you can get creative with displays.

### Cable Management

An internal cable channel measures 60 x 75 mm (2.4" x 3.0"), allowing space for power cables etc.

### Multiple Sides

Fix displays on any of the four sides. Note: the cable management side takes a maximum of two displays.

### Landscape or Portrait

Unleash your creativity to create eye-catching displays.

## SPECIFICATIONS

**PRODUCT DIMENSIONS**

See image

**PACKAGED DIMENSIONS**

1552 x 280 x 165 mm / 61.1" x 11.0" x 6.5"

**PRODUCT WEIGHT**

12.2 kg (26.9 lbs)

**PACKAGED WEIGHT**

14.2 kg (31.3 lbs)

**CONSTRUCTION MATERIAL**

Aluminium

**COMPATIBILITY**

Works with these Vision mounts: VFM-W4X4 VFM-W4X6 VFM-W6X4 VFM-W8X6 VFM-W10X6

**COLOUR**

Black

**WARRANTY**

Lifetime return-to-base

**SAFE WORKING LOAD**

150 kg / 330 lbs (combined weight of all displays)

**ACCESSORIES**
