

Tilting Flat-Panel Wall Mount 600x400

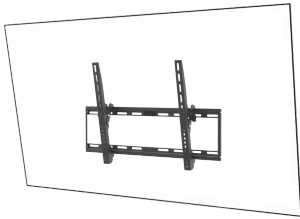

VFM-W6X4TV EU SAP: 5421209

vav.link/vfm-w6x4tv

Tilting Wall Mount for large-format flat panels 37-70"
(subject to VESA pattern and weight limit)
Mounting points up to 600 (wide) x 400 mm (tall) apart
Light Duty 60 kg / 132 lb SWL

Vision's Vision Flat-panel Mount - Wall range is flexible and includes everything you need to get the display on the wall. The VFM-6X4TV fits any flat-panel LCD or LED screen which has rear mounting holes up to 600 wide x 400 mm tall apart. It has a simple design for price-sensitive applications.

SWL 60kg

Vision engineered the cost down by using less material, but it can still support displays weighing up to 60 kg / 132 lb.

Everything Included

Vision includes everything you need including a load of M5, 6, and 8 bolts in varying lengths to fix the vertical arms to the rear of the display.

For 37-70" Displays

Fits most displays from 37-70" subject to VESA pattern and weight limit. Note: curved screens are not supported by this mount.

Meets ADA Regulations

The thin design holds the display just 45 mm / 1.8" off the wall. This looks better, reduces snagging risk, and because the load is close to the wall the mount has a higher safe working load rating.

Flexible

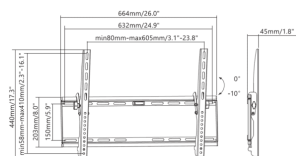

A proven design allows fast fixing. Slotted holes on the horizontal part allow easy fixing to stud walls, and side-to-side adjustment.

Secure

Once in place locking strips slide up to prevent the assembly being lifted off the bracket by opportunistic thieves.

10° Tilt

The downward tilting mechanism provides effortless adjustment of viewing angle with the easy-grip knobs.
