

Flat-Panel Wall Arm 400×400

VFM-WA4X4/V3 EU SAP: 6189504

vav.link/vfm-wa4x4-v3

Double-articulated wall mount for flat panels

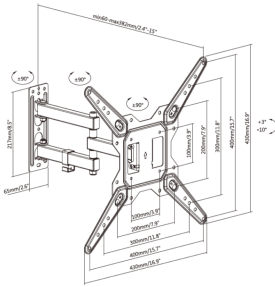

Supports displays from 37" to 60"

SWL up to 25 kg / 55 lbs

Reach 60-382 mm / 2.4"-15.0"

Black

Vision's Vision Flat-Panel Mount – Wall Arm range is tough and flexible. The VFM-WA4X4 fits any flat-panel LCD or LED screen which has rear mounting holes up to 400 x 400 mm apart.

Up to 60"

Most medium-to-large displays use VESA 400 or similar mounting points, so the WA4X4 fits the majority of displays up to this size. Note: if a larger display has the correct mounting points and weighs less than the SWL this mount can support it safely.

Manoeuvrable

The single-arm design makes this mount especially flexible without compromising the load capacity of 25 kg (55 lb).

Fast Installation

The mounting plate fixes to the back of the display, then just lower the display into place on the wall arm and lock in place with two bolts.

Tilt and Swivel

-3° up and 10° down tilt adjustment, and 90° swivel. Use this mount to fix a display in a corner up high in a waiting room, or fix displays around an office or in meeting rooms.

VESA

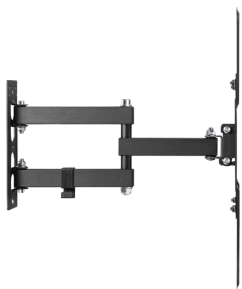

The VESA system defines how far apart the mounting holes are on the back of your flat-panel. Holes 400 x 400 mm apart are known as VESA 400 and will suit this mount. This product also fits displays with smaller VESA sizes listed in the specifications.

Cable Management

An included clip keeps cables tidy behind the TV.

Thumbscrews

Thumbscrews are used to fix the display to help speed up the installation of this mount.
