PACKAGING

Save all packing material. It is essential for shipping in the event the unit ever needs repair.

NOTE: If original packaging is not used to return the unit to the service centre, damage in transit will not be covered by warranty.

OVERVIEW

This product extends HDMI by converting the signal and routing it through CAT5e (ethernet) cable up to 30m long. If CAT6 cable is used 50m cable be achieved.

FRONT AND REAR PANELS

This product requires mains power.
Power must be connected to both the transmitter and receiver.

Transmitter – clips into Techconnect faceplate

Receiver – positioned at display device

EDID (EXTENDED DISPLAY IDENTIFICATION DATA)

This enables the source device to 'ask' the display device what resolution it is, and output that resolution.

On connection an EDID conversation takes place automatically. If the display is changed it may be necessary to request the new display details. The EDID reset button is for this purpose.

To program EDID manually:

1. POWER ON TRANSMITTER (Tx)
2. CONNECT DISPLAY TO TX via HDMI Turn display on and select correct input.
3. PRESS EDID BUTTON ON TX If G2 indicator lights the data will be read. If it doesn't light press the button until it does.
4. DISCONNECT DISPLAY
5. UNPLUG POWER TO TX

STATUS LEDS

- When power plugged in Receiver and Transmitter both show blue LEDS
- When input plugged in Receiver LED changes to Red

WARRANTY

This product comes with a 2-year return to base warranty, effective from the date of purchase. This warranty applies only to the original purchaser and is not transferable. For the avoidance of doubt, this will be taken from the information held by the appointed national distributor at the point of sale. If the product is DOA (dead on arrival), you have 21 days from purchase date to notify the national distributor via your AV reseller. The liability of the manufacturer and its appointed service company is limited to the cost of repair and/or replacement of the faulty unit under warranty, except for death or injury (EU85/374/EEC). This warranty protects you against the following:

- Failure of any components, including the power supply.
- Damage when the product is first removed from its packaging if reported within 24 hours of purchase.

If you find you do have a problem with this product, you should contact the AV reseller you purchased this product from. The original purchaser is responsible for shipment of the product to the manufacturer's appointed service centre for repair.

We will endeavour to return repaired units within 5 working days, however this may not always be possible, in which case it will be returned as soon as practicably possible. In line with our WEEE commitments, the manufacturer endeavours to replace the faulty parts of the product rather than replacing the whole unit. This warranty does not protect this product against faults caused by abuse, misuse, incorrect installation, unstable or faulty power input, which might be caused by ignoring the guidelines set out in this manual.

LEGAL DISCLAIMER: Because we are committed to improving our products, the details above may change without prior warning. This User Manual is published without warranty and any improvements or changes to the User Manual necessitated by typographical errors, inaccuracies of current information, or improvements to programs and/or equipment, may be made at any time and without notice. Such changes will be incorporated into new editions of the User Manual.
