

Microsoft Hub 2 FLOORSTAND

LIFETIME
WARRANTY

KEY FEATURES

Screen rotation

2 cable hooks

Cable
management

Removable
laptop shelf

4 large wheels

Does Vision have any floor stands for Hub 2?

Yes! The VFM-F10 was designed for Hub 2 compatibility.

Does the standard VFM-F10 fit Hub2?

Yes! Hub2 uses a 350 x 350 pattern which the universal mount on the F10 fits.

What colours are available?

Black

White

Does it rotate?

Yes. The universal VESA mount rotates. The rotating mechanism can be removed.

Does it tilt?

Not as standard, but the VESA arms can be replaced with arms from Vision's VFM-W4X4T to make it tilt if necessary.

As standard, this floor stand holds the display at a 7 degree angle. That is more upright than the 12 degrees of the Steelcase stand. We think 7 degrees is better to cut glare.

Does it have cable management?

Yes. Cables can be concealed all the way down the legs, and hold the cables so they don't get in the way of the wheels as you move the stand.

Can the APC battery fix to this floor stand?

We're working on an adaptor to support this. ETA early 2020.

Is the shelf detachable?

Yes. If the user doesn't want it just leave it off.

Does Vision have a wall mount for Hub 2?

Yes. VFM-W4X4. It's the same universal mount that comes on the F10 as standard.

We need something even more attractive...

Vision will soon offer a premium hub-specific mount which looks nicer than the universal VESA mount and holds the display closer to the legs for a more integrated look. It will tilt, but it will not allow rotation.
